10 AM - 3 PM & during public events.

Exhibit ends August 31st

Danuta was born and raised in Gdansk, Poland. She sang opera at the Baltic Opera until moving to America with her family in 1980. Her interest in art started in childhood where she developed a particular passion for drawing human figures. She is a versatile, self-taught artist who enjoys exploring realism in art in every area of human lives. Her talents extend across various media, including oils, pastels, chalk, and watercolor. Most of her art reflects her interests in music, history, and literature. Her favorite subject matter is people, children, the elderly, the silent faces that speak with their eyes and facial expressions. Sometimes they look so lifelike you'd almost expect them to move or wink. She is guided in life by her motto "magnificence is everywhere if we choose to see it that way".

Frank grew up in Milwaukee's Bay View neighborhood and graduated in 1980 from Bay View High School. He then lived his dream serving for 32 years on the Milwaukee Fire Department. With his wife Rachelle they raised two kids, Sam and Alyssa, on Milwaukee's east side where they are active in their community. In retirement, they love to travel and Frank now pursues another dream of oil and watercolor painting from local scenery and vacation photos.
